President's Message

Respected Members, Esteemed Partners, and Cherished Supporters,

It is with immense pride and profound gratitude that I present the Annual Performance Report of the Eye Bank Society of Rajasthan (EBSR) for the years 2023 and 2024. This period has been nothing sort of extraordinary—a testament to the power of compassion, collaboration, and an unwavering belief in the possibility of a brighter tomorrow. As I reflect on our journey, I am humbled by the sheer magnitude of hope and humility that defines EBSR. The recognition of EBSR as an empanelled Eye Bank of Rajasthan is not merely a milestone; it is a celebration of the countless individuals who have come together to create a legacy of light. For 23 years, we have been more than an organization—we have been a beacon of hope, a catalyst for change, and a family united by the shared dream of transforming lives through the gift of sight. In the years 2023 & 2024, we achieved something truly remarkable. We collected 5,698 corneas and facilitated 3,668 life-changing corneal transplants, bringing happiness into the lives of over 14,676 family members. Each of these numbers represents a story—a child seeing mother for the first time, an elder regaining the ability to witness the world's beauty, and a family finding joy in the restored vision of their loved one. Moreover, 50% of the corneas were provided free of charge to the government hospitals, ensuring that even the most vulnerable among us could access this precious gift. Our impact extends far and wide in Rajasthan as well as in India. We have 14 chapters in all key districts, including Jaipur, Udaipur, Kota, Bikaner, and Sri Ganganagar and through them we cover in all 22 districts of Rajasthan. EBSR provides 97% of cornea distributed in Rajasthan. We stand as a pillar of excellence and accessibility. Our partnerships

with 23 private hospitals in Rajasthan and with over 30 hospitals in 10 States amplifies our reach, ensuring that every transplant is not just a medical procedure but a lifeline of hope. The credit for these achievements goes to the countless faces and stories that inspire us to do more. The tearful joy of a mother whose child can now read, the gratitude of an elderly who can see the sunrise again, and the determination of families who choose to donate, despite their own grief—these are the moments that define our success. Our state-of-the-art training institute continues to nurture dedicated professionals, ensuring that the light we bring today will shine brightly into the future. Meanwhile, our mobile outreach programs and awareness campaigns are sowing seeds of understanding and compassion, particularly in underserved rural communities. None of this would have been possible without the unwavering support of our CSR partners, especially RSMML, RIICO, State Bank of India, whose contributions have been a lifeline to our mission. We are also grateful to our countless individual donors who have shown unflinching trust in our ability to succeed in our Mission. Every donation—no matter its size—is a gesture of love, belief and faith in a future where no one is left in darkness. On behalf of the entire EBSR family, I extend my deepest gratitude to each one of our partners. Your compassion, your dedication, and your belief in our mission have been the driving force behind every life we touch. Together, we are not just restoring vision; we are restoring dreams, rekindling hope, and making the world a brighter, kinder place.

**With heartfelt appreciation and warm regards,
B.L. Sharma**
